

# INSCRIPTIONS

Many options are available to design the inscription on Phoenix Foundry bronze plaques.

## Fonts

While numerous fonts are available, those in common use for bronze plaques include:

Cheltenham " : 1 2 3 4 )

Times New Roman " : 1 2 3 4 )

Helvetica " : 1 2 3 4 )

Century Schoolbook " : 1 2 3 4 )

Other fonts should be discussed with Phoenix Foundry staff before selection as they may be unsuitable for casting in bronze.

## Font Size

This is represented by the height of letters in Points or Millimeters. In the Phoenix design system conversion is approximately 1mm = 4 points.

Points	10	16	20	30	40	50	60	70	80	90	100	125	150	200
mm	2.5	4	5	7.5	10	13	15	18	20	23	25	32	38	51

The minimum font size that can reliably be used on a bronze plaque is 16 points (4mm) Font size should be selected with the size of the plaque in mind.

## Font Style Options

Regular

**Bold**

*Italic*

***Bold Italic***

## Character Spacing

Our compositors will use character spacing tools to achieve the optimum inscription layout. As shown in the below examples of Normal, Condensed and Expanded.

Phoenix Foundry  
**'Normal'**

Phoenix Foundry  
**'Condensed'**

Phoenix Foundry  
**'Expanded'**

Phoenix Foundry ensures satisfaction for clients by providing a proof showing the layout of the plaque for approval.
